

WELCOME, WE CURRENTLY HAVE LIMITED VISITATION

Prairie Bluffs Senior Living is currently permitted to allow limited visitors into our building.

For safety reasons, Prairie Bluffs Senior Living limits the number of visitors in the building at any one point in time, the length of visits, the number of visitors per resident, and locations where visits are permitted to occur.

If you are interested in visiting, please contact the front desk at 952.444.5000 to schedule an appointment, learn about the health screening we are required to conduct, acceptable visitation locations, and personal protective equipment requirements.

If you already have an appointment, please enter with a face mask on and proceed to the hand sanitizing and screening station.

Prairie Bluffs Senior Living will also be happy to facilitate alternative outdoor visits, window visits, or virtual electronic visits. Contact the front desk to schedule such a visit.

Prairie Bluffs Senior Living verifies and updates our visitation requirements on a weekly basis. Indoor visitation is based on the prevalence of COVID-19 in Hennepin County, any COVID case in Prairie Bluffs Senior Living, if COVID-19 outbreak testing is currently being conducted in the facility, and other reasonable clinical or safety concerns.

Prairie Bluffs Senior Living is following the visitation requirements mandated by the Minnesota Department of Health.
