

ESSENTIAL VISITS ONLY

Prairie Bluffs Senior Living is currently
NOT permitted to allow visitors into
our building other than the following:

Community Staff
Essential Healthcare Workers
Compassionate Care Visitors
Essential Caregivers

If you believe you qualify as an Essential Caregiver or Compassionate Care Visitor, please contact the front desk to verify your status, schedule an appointment, learn about the health screening we are required to conduct, acceptable visitation locations, and personal protective equipment requirements.

For all others, Prairie Bluffs Senior Living will be happy to facilitate alternative visits, such as outdoor visits, window visits, or virtual electronic visits. Contact the front desk to schedule such a visit. If you already have an alternative visit scheduled, please proceed to our check-in and screening area at the Front Desk.

Prairie Bluffs Senior Living verifies and updates our visitation requirements on a weekly basis. Indoor visitation is based on the prevalence of COVID-19 in Hennepin County, any COVID case in Prairie Bluffs Senior Living, if COVID-19 outbreak testing is currently being conducted in the facility, and other reasonable clinical or safety concerns.

Prairie Bluffs Senior Living is following the visitation requirements mandated by the Minnesota Department of Health.
